Subject: RE: Robin Richardson is in ABQ August 12; interested in seeing uranium mine work
Haystack #1 AUM assessment planning.docx

Clancy,

We are mobilizing the site on the 11th. I believe the 12th will be a ramping up period which may be hard to properly tour someone around. The 13th would be perfect. If needed, I would be able to work around Robin's schedule if needed, however, the 13th would be idea. I can provide additional information if what is attached is not enough.

Thanks,

Randy B. Nattis

I hear that you two will be in Haystack the week of August 11. Robin is the acting chief of OSRETI and she is interested in seeing some of our Navajo uranium mining work. Would you be able to take her to Haystack on the 12th or 13? She speaks at the conference in the morning on the 12th and I am not sure what her schedule is for the rest of the week. This would be very informal but we would need to send her some info prior to the tour.
